

2018 Winterset Rotary Covered Bridge 5K Results

14 October 2018 – Winterset, Iowa

Congratulations to all who participated in the 2018 Winterset Rotary Covered Bridge Race. This year with glorious fall colors and invigorating autumn weather we had 112 registrants warming around the fireplace in preparation of the race. Winterset Mayor and retired PE teacher Jim Olson fired the starting pistol shortly after 9 AM to send runners ranging from 8 to 81 around the Winterset City park and along Court Avenue. Fastest runner and fastest male was Mason Buck, 13, of Van Meter with a time of 19:37. Fastest female was Sami Craven, 13, also from Van Meter with a time of 22:23. Oldest runner was Don Caslavla, 81, from Grain Valley with a time of 49:03. See tables below for individual age brackets and a full listing of all finishers by time, by gender and alphabetically. Teams are also listed.

Thank you to all for their participation in this race. Winterset Rotary has been an active force in making the community of Winterset and Madison County a better place for over 95 years. Our projects include the Hedge Maze in the City Park, the new Skate Park in Winterset as well as dictionaries for all county students and water projects in Africa and eliminating Polio worldwide. Proceeds from the Covered Bridge Race will help support rebuilding the Cedar Covered Bridge. Thank you for your support!
