27	12	Comstock	David	M	47	2.53.23
28	4	Vance	Steve	M	53	2.53.23

Madrid Milers Labor Day Run

2011 proved to be a challenge this year. The Hy Vee Triathlon being on the same week and the weather not cooperating made for smaller numbers, a wet experience but persisted runners. Out of 137 entries, we had 125 finishers. No one chose to come off the course because of the weather and all seemed to fare well.

The Madrid Milers would like to thank all of the entrants/runners, all of the volunteers at the registration, on bikes, at the water stations and at the finish line, Market of Madrid for the bananas, AE for some of the yogurt, the Madrid Labor Day Committee, the Madrid Police Department and the Madrid Elementary School. Without all of you, this would not be possible
